PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience in designing and implementing responsive, user-friendly web applications using React, Next.js, and Tailwind CSS. Skilled in converting designs into high-performance, SEO-optimized websites with a focus on accessibility and user experience.

WORK EXPERIENCE

Mobile Application Developer

Dec 2022 – March 2023

Aditya college of engineering | surrampalem, India

- Developed a cross-platform food ordering mobile application using React Native, enhancing accessibility and user experience on both iOS and Android devices.
- Utilized Redux Toolkit for efficient data flow and Firebase for real-time storage and user authentication, ensuring seamless order processing.
- Integrated Stripe for secure payment processing, allowing users to complete transactions smoothly and confidently.

PROJECTS

Ecommerce – NextJs | TypeScript | TailwindCSS | Postgresql | Drizzle ORM | Stripe

[Live site](#)

- Designed and developed an e-commerce website with a focus on user experience and security.
- Implemented features to support product browsing, secure payment processing, and order management.

The News Hub – NextJs | TypeScript | TailwindCSS

[Live Site](#)

- A news delivery platform with real-time search for discovering articles based on user interests.
- Leveraged React server and client components, implementing SSG, ISR, and SSR rendering patterns for enhanced performance and SEO.
- Integrated media stack APIs to fetch and display news content dynamically.

Authentication System – React Native | Firebase

[Github](#)

- Implemented an authentication system, including login, registration, and password reset functionality.
- Enabled users to manage their account information, including editing and changing addresses, emails, and passwords.

SKILLS

Html, CSS, JavaScript, TypeScript, ReactJs, Next.js, React Native, TailwindCSS, React Hook Form, Zod, Firebase, Supabase, Postgresql, Drizzle ORM, NodeJs, Java, Dart, Git & Github, Bash, Scripting, Linux, Time Management, Adaptability, Problem-Solving, Teamwork, Creativity.

EDUCATION

Bachelor of Technology (B. Tech) – Computer Science

Nov 2020 – April 2023

Aditya College of Engineering, Surrampalem, India

Diploma – Computer Science

July 2017 – April 2020

Prasiddha College of Eng & Tech, Amalapuram, India
